# DEEP RICH DESIGNER TONES

Styles are produced by a unique thermal process to achieve the deep rich color visuals. Wood is a natural product and each plank will react differently to this process resulting in color variations. This kind of variation helps display the true wood characters and is one of the most desired attributes in hardwood flooring.

EVERY PLANK IS

# BENEFITS

## UV OILED FINISH

Ultimate Real Wood Touch & Feel

Lower Maintenance Cost

Enhances Natural Oak Grain

Appearance Ages Better With Time

No Sanding or Refinishing

Hand selected French European Oak planks to highlight the natural unique character in every plank. Thermal treated process enhances the natural patina to create a country chic and modern décor for your home. Designer selected earth tone colors inspired by the latest trends.

**UV OILED  
FINISH**

Finished with organic Eco-friendly durable UV Cured Oil, the Natural Oils penetrate through the wood pores to enhance the rich elegant patina and create a long lasting easy to maintain floor.

V4 Substantial Color Variation

Colors can vary extensively from plank to plank

This product has a V4 Color Rating. Colors can vary extensively from plank to plank. Interior Designers love this style due to the higher contrast effect it delivers. This product is best installed in living rooms for impressing guests.

# WARRANTIES

Proud Members of:

Images and actual hardwood floor samples are intended as visual guides and not as the exact representation of the hardwood floors. Wood is a natural material containing distinctive differences in color, texture and grain. Knots & mineral streaks may not be present on every plank. Furthermore, sheen or gloss level and the overall appearance of the floor may look different when viewed at various angles and lighting conditions. Before you install any flooring product, we recommend that you rack out a box or two to verify that the product you have ordered is within the acceptable color range and fits your design style. Color variation ratings serve only as guides. Color and grade of all natural products must be inspected and approved by the consumer prior to installation. Any flooring installed will be considered acceptable and no claims will be valid based on visible appearance after installation.
